Analysis of the statement of Students

S1: Here 64.3 % students totally agree responses with the statement, 28.6 % sometime agree responses with the statement, 7.1 % can't say responses with the statement, and 0 % totally disagree with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she encourages questioning during classes.

S2: Here 42.9 % students totally agree responses with the statement, 21.4 % sometime agree responses with the statement, 21.4 % can't say responses with the statement, and 14.3 % totally disagree with the statement.

So, it is the clear from the responses of the students that many students think that he or she encourages meeting outside the class to disuses studies.

S3: Here 57.1 % students totally agree responses with the statement, 28.6 % sometime agree responses with the statement, 0% can't say responses with the statement, and 14.3 % totally disagree with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she is regular in taking his or her classes.

S4: Here 71.4 % students totally agree responses with the statement, 14.3 % sometime agree responses with the statement, 0 % can't say responses with the statement, and 14.3 % totally disagree with the statement.

So, it is the clear from the responses of students that a majority of the students think that find his or her taking the class is systematic and effective.

S5 Here 50 % students totally agree responses with the statement, 28.6 % sometime agree responses with the statement, 0 % can't say responses with the statement, and 21.4 % totally disagree with the statement.

So, it is the clear from the responses of the students that many students think that he or she gives notes after taking classes.

S6: Here 64.3 % students totally agree responses with the statement, 21.4 % sometime agree responses with the statement, 7.2 % can't say responses with the statement, and 7.1 % totally disagree with the statement.

So, it is the clear from the responses of the students that a majority of the students think that find his/her lecture easy to follow students.

S7: Here 64.3 % students totally agree responses with the statement, 21.4 % sometime agree responses with the statement, 0 % can't say responses with the statement, and 14.3 % totally disagree with the statement.

So, it is the clear from the responses of the students that a majority of the students think that he or she creates interest in your mind in the classroom.

S8: Here 64.3 % students totally agree responses with the statement, 21.4 % sometime agree responses with the statement, 0 % can't say responses with the statement, and 14.3 % totally disagree with the statement.

So, it is the clear from the responses of the students that a majority of the students think that he or she discuss deep into the topic often beyond the syllabus.

S9: Here 50 % students totally agree responses with the statement, 21.4 % sometime agree responses with the statement, 7.2 % can't say responses with the statement, and 21.4 % totally disagree with the statement.

So, it is the clear from the responses of the students that many students think that he or she takes extra classes whenever necessary.

S10: Here 50 % students totally agree responses with the statement, 28.6 % sometime agree responses with the statement, 0 % can't say responses with the statement, and 21.4 % totally disagree with the statement.

So, it is the clear from the about responses of the students that a majority of the students think that he or she takes special classes before examination.

Analysis of the statement's of Students

S1: Here 70.2% students excellent responses with the statement 17% very good responses with the statement, 12.8% good responses with the statement, 0% satisfactory with the statement and 0% dissatisfactory responses with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she punctuality in the class.

S2: Here 72.3% students excellent responses with the statement, 17% very good responses with the statement, 8.5% good responses with the statement, 2.1% satisfactory with the statement and 0% dissatisfactory responses with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she regularity in taking classes.

S3: Here 61.7% students excellent responses with the statement, 23.4% very good responses with the statement, 10.6% good responses with the statement, 2.1% satisfactory with the statement and 2.1% dissatisfactory responses with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she completes syllabus in time.

S4: Here 57.4% students excellent responses with the statement, 25.5% very good responses with the statement, 12.8% good responses with the statement, 2.1% satisfactory with the statement and 2.1% dissatisfactory responses with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she makes alternate arrangement of class in his/her absence.

S5 Here 51.1% students excellent responses with the statement, 36.2% very good responses with the statement, 12.8% good responses with the statement, 0% satisfactory with the statement and 0% dissatisfactory responses with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she subject command.

Analysis of the statement's of Students

S1: Here 48% students totally agree responses with the statement, 48% sometime agree responses with the statement, 4% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she encourages questioning during classes.

S2: Here 64% students totally agree responses with the statement, 28% sometime agree responses with the statement, 8% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of the students that many students think that he or she encourages meeting outside the class to disuses studies.

S3: Here 68% students totally agree responses with the statement, 32% sometime agree responses with the statement, 6.67% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of students that a majority of the students think that he or she is regular in taking his or her classes.

S4: Here 52% students totally agree responses with the statement, 44% sometime agree responses with the statement, 4% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of students that a majority of the students think that find his or her taking the class is systematic and effective.

S5 Here 68% students totally agree responses with the statement, 28% sometime agree responses with the statement, 4% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of the students that many students think that he or she gives notes after taking classes.

S6: Here 72% students totally agree responses with the statement, 24% sometime agree responses with the statement, 4% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of the students that a majority of the students think that find his/her lecture easy to follow students.

S7: Here 60% students totally agree responses with the statement, 32% sometime agree responses with the statement, 8% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of the students that a majority of the students think that he or she creates interest in your mind in the classroom.

S8: Here 48% students totally agree responses with the statement, 36% sometime agree responses with the statement, 8% can't say responses with the statement, 8% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of the students that a majority of the students think that he or she discuss deep into the topic often beyond the syllabus.

S9: Here 68% students totally agree responses with the statement, 28% sometime agree responses with the statement, 4% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the responses of the students that many students think that he or she takes extra classes whenever necessary.

S10: Here 80% students totally agree responses with the statement, 16% sometime agree responses with the statement, 4% can't say responses with the statement, 0% disagree responses with the statement and 0% totally disagree with the statement.

So, it is the clear from the about responses of the students that a majority of the students think that he or she takes special classes before examination.

Students' Feedback Form (on faculty)
(2021 – 2022)

Parameters	Scale	Name of the Teacher	Response of Student
Is the teacher punctual enough in taking classes?	1, 2, 3, 4, 5		
How regular he / she in taking classes?	1, 2, 3, 4, 5		
Rate his/her communication skill	1, 2, 3, 4, 5		
Rate his / her ability to motivate students	1, 2, 3, 4, 5		
Rate the conceptual clarity of the teacher in the subject	1, 2, 3, 4, 5		
How effective he /she is in controlling students in classes?	1, 2, 3, 4, 5		
Rate the teacher's involvement in remedial classes	1, 2, 3, 4, 5		
How eager and willing the teacher is in listening and answering students' inquiry? Rate him / her	1, 2, 3, 4, 5		
how regular he / she in taking tests?	1, 2, 3, 4, 5		
Whether the teacher is approachable?	Yes / No		

1 – Excellent

2 – Very Good

3 - Good

4 – Average

5 – Poor

Record of Evaluation of Teachers by students:

The department has collected feedback from its students through a structured questionnaire rating each teacher of the department. The questionnaire contains 10 questions. A total number of fifteen forms have been collected from final semester students only. On the basis of the collected feedback the following table presents the percentage of each parameter in cases of all faculties.

Table 1*

	Response of Students (in %)				
Parameters	**Excellent**	**Very Good**	**Good**	**Average**	**Poor**
Is the teacher punctual enough in taking classes?	66.7	33.3	-	-	-
How regular he / she in taking classes?	66.7	33.3	-	-	-
Rate his/her communication skill	80	20	-	-	-
Rate his / her ability to motivate students	53.3	46.7		-	-
Rate the conceptual clarity of the teacher in the subject	66.7	33.3		-	-
How effective he /she is in controlling students in classes?	66.7	33.3		-	-
Rate the teacher's involvement in remedial classes	66.7	33.3		-	-
How eager and willing the teacher is in listening and answering students' inquiry? Rate him / her	66.7	33.3		-	-
how regular he / she in taking tests?	53.3	46.7		-	-
Whether the teacher is approachable? **Yes or No**	100 (Yes)			-	-
